

Suma[®] DIME

Dishwashing tablets with built-in rinse aid

Description

Suma DIME tablets are specially formulated with a patented technology of detergent with built-in rinse aid. It provides you with the convenience of a controlled dosing system without the need to install dosing equipment. It is formulated to remove difficult food residue and grease to ensure crockery, cutlery and glassware are left sparkling, clean and bright.

Suma DIME is designed to provide detergency, rinse aid, anti-scaling, soil suspension and soft metal safe properties all in one tablet. This is a unique product combination. This innovative solution will give you immediate powerful washing performance. The patented technology offers a controlled dissolution of each tablet, ensuring a fixed number of wash cycles. Simply replace with a new tablet when the earlier one has completely been dissolved.

Suma DIME is specially designed for all single tank hood type dishwashing machines and undercounter machines.

Features

- Cleans and degreases very effectively
- Eliminates the need of dosing equipment as tablet can be dosed manually, ensuring continuous machine operation
- Easy dosing with an initial dosage to ensure performance right from the first wash cycle.
- Predictable washing cycle per tablet. Each tablet is designed to last for 35 washes**
- The rinse aid additive ensures streak-free and faster drying of ware.
- An effective foam control agent ensures high performance cleaning under heavy soil conditions.
- Uses a patented polymer technology that prevents scale build-up in the machine even in high water hardness conditions (up to 400ppm)
- Free from phosphate and chlorine which means it is an environmentally friendly product.
- Hygienic, efficient and safe

** Calculated based on one minute washing cycle (includes washing and rinsing time)

Dishwashing tablets with built-in rinse aid

Benefits

- Convenient: Suma DIME provides a very high level of convenience by combining cleaning and rinsing tasks in one tablet and eliminates the need for installation of dosing equipment.
Efficient & Effective: The superior formula of Suma DIME is effective against all types of soils and provides a fixed number of predictable washes per tablet.
- Economical in use:
 - o Maximum 35 washes / tablet, no need for separate rinsing as rinse aid is in-built
 - o No overdosing possible
- Reliable: Works under varied water conditions and is aluminum safe.
- Intelligent: Cleaning and hygiene compliant without dosing equipment.
- Safe & Environmentally Friendly: Zero-P (Non-Phosphate) formulation and soft metal safe for users and equipment.

Direction for Use

Remove scraps of food from crockery and rinse heavily soiled articles before loading into the dishwashing machine.

1. Each pouch comes with one tablet of 60g and an initial dose of granules (20g).
2. Tear and empty the pouch along with the tablet over the strainer.
3. Start wash cycle.
4. Tablet can be seen visually at its position till it dissolves completely. Replace it with new tablet after the earlier one gets fully dissolved. Repeat step 2 onwards.
5. Use of new tablet is necessary whenever the machine is cleaned and filled with fresh water.

Critical Parameters to be monitored during usage

1. Suma DIME tablets are applicable for single tank hood type and undercounter machines, with strainer /scrap tray preferably. The tablet needs to be placed above water level and be fully exposed to water flow when machine is in operation.
2. Not recommended for conveyor type machine and multi tank dishwashers
3. Water Quality: Water hardness < 150ppm; Water TDS < 200ppm to ensure streak free drying performance.
4. Machine temp minimum 55°C main wash tank and rinse temperature 80-85°C. Suma DIME tablets are not recommended for low temperature machine.

Dishwashing tablets with built-in rinse aid

Technical data appearance		White tablet with granules	
A		Tablet weight	58 to 62g
Tablet diameter	60 to 62mm	pH 1% solution	9-10.5

The above data is typical of normal production and should not be taken as a specification.

Packaging information

Product	Pack size	Article code
SUMA DIME	60g tablet + 20g granules	6152831

Safe handling

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet. Only for professional users/specialists.

Storage information

Store in original closed containers away from extreme temperature.
